## DESCRIPTION

The new CASLI Generalist Knowledge Exams: NIC is open and waiting for you! Do you have your test date on the calendar? Are you thinking about scheduling your test date? PERFECT! Rebekah has taken and passed the new version of the NIC and is excited to share with you all she learned about navigating the registration process, strategies she used for preparing for the exam, and tips for reducing your test anxiety.

This workshop will focus on the Fundamentals of Interpreting and the Ethics and Cultural Responsiveness portions of the exam as well as the Performance portion of the exam. While Rebekah cannot share test content she can share first hand knowledge of everything she learned leading up to the exam and her experiences with the exam.

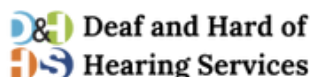

During this workshop, participants will have an opportunity to walk through the format of the exam, discuss ethical scenarios, ask questions, compile a list of preparatory resources, and review sample exam materials. It is Rebekah's hope that every participant leaves this workshop with a better sense of how to prepare and what to expect when sitting for the CASLI Generalist Knowledge Exam: NIC.
