ABOUT THE PRESENTER

Cindy Wood, MAI, NIC is endorsed in Michigan for Medical/Mental Health and DeafBlind. She holds a Bachelor's degree in Business Marketing from Adrian College, and her Masters in Interpretation from Gallaudet University. After becoming nationally certified in 2006, she began working as a freelance interpreter. She taught Foundations of Interpreting I and II at Tidewater Community College for 12 semesters.

She continues to work in various settings including medical, mental health, post secondary, VRS, and community. Cindy served as the MIRID Treasurer for five years before launching her own Professional Development website, CWoodPD.com in 2020. In addition, she is a coordinator for CORE MI, a mentoring program for individuals who are currently in the gap. She is passionate about supporting colleagues, and working with others who strive to better our profession.

She currently resides in her home state of Michigan, so when she is not interpreting, hosting workshops, or organizing mentoring opportunities, she can be found adventuring with her 12-year-old son, Trevor, and partner Matt. They enjoy gathering with family, going on adventures such as camping, hiking, playing Taco vs. Burrito, and discovering new breweries together.

DESCRIPTION

RID launched a robust, revised version of the Ethical Practice System (EPS) policy and enforcement procedures document in June 2023. Did you know RID had an EPS policies and procedures enforcement document from 2006 in place? Were you aware of the re-launch in 2023? Have you read the new document? Do you know where to find it?

Did you know that harmful practices among fellow colleagues or consumers are now your responsibility to report, even if such practices occur outside of the interpreting assignment? The revised EPS is in place and as certified members we have been charged with the duty to hold one another accountable in all settings related to interpreting.

This workshop is an informational session about the revised RID EPS and how it will impact all the stakeholders in our field. Cindy will highlight a few significant changes to the EPS, and point you in the direction of the new policy and procedures enforcement document. This workshop is not for debating ethical dilemmas nor discussing moral decision-making practices, those are for a different workshop. Join colleagues in bringing awareness to these new RID expectations and encouraging each other to be mindful of our responsibility to do no harm.

OBJECTIVES

Participants will be able to:

- Locate and access the EPS and related forms.
- Decipher the difference between a Report and a Complaint.
- Identify two ways the EPS will impact interpreters and consumers.
